

Advertising on broadcast TV is costly. Because your message goes to everyone. Even homes that don't need or want it. But with Adelpia Media Services, you'll put to work the research and know-how to directly target your customers on the programs they watch, when they're watching, precisely in the areas you're doing business — with far less waste of your ad budget.

FAST. EFFECTIVE. ON TARGET EVERY TIME.

Call your local Adelpia Media Services account executive today.
